SALAMANCA SOLUTIONS

Making the Difference

- Salamanca Solutions is very different from other OSS/BSS software companies. Our team was borne from the successful multi-national operator group, Salamanca Solutions, with operations in challenging markets as diverse as New Zealand and Haiti.

The Benefit of Experience

- We know, from more than 10 years of direct experience in telecommunications, that to succeed as a service provider, you must be as efficient as possible. To make that possible we have concentrated on tightly integrated architecture that reduces the time needed for every operation. Our team has experience in implementation with a wide variety of systems, including Comverse, Nokia, Nortel, Alcatel and Huawei.

Fitting the Way You Work

- We have also designed our products to fit the way that you work. Our direct experience working within service providers in challenging competitive environments means that we fully understand what you need.

Making it Practical

- We know that any system today has to be cost effective. Our experience delivering systems for the Salamanca Group has given us an iron discipline that makes us focus on cost at all times.
